WATERMATTERS
IN BROWARD COUNTY

Dear Community Partner,

On behalf of the Natural Resources Planning and Management Division, you are kindly invited to join us at **11th Annual Broward Water Matters Day** event on **Saturday, March 9, 2013 from 9 a.m. to 3 p.m.** at **Tree Tops Park in Davie**. The theme of the County's largest environmental event this year is "Preserve, Protect, Conserve" and highlights our shared commitment for water supply preservation, water resource protection, and conservation.

Last year, more 3,200 attendees enjoyed Water Matters Day. This year, with the support of sponsors, we have more than 45 educational booths and exhibitors lined up along with specific activities for children. Additional features include rain barrel workshops, a variety of giveaways and raffles, and live music. As always, residents will be eligible to receive free native trees or plants by visiting at least 12 of the event exhibits.

We are pleased to share that Water Matters Day 2012 is also being recognized as a part of 'Viva Florida 500', a statewide celebration of the first European expedition to Florida.

We thank you all for your continued support and look forward to seeing you there!

Please call 954-519-1270 with any questions.
